A. GENERAL

1. Overview of Award Implementation

This cooperative agreement/grant (also referred to as *Agreement*) is between the Grantee (*Recipient*) identified in Block 7 of the form HUD-1044, and the U.S. Department of Housing and Urban Development. The award agreement consists of the form HUD-1044, any special conditions, and these Cooperative Agreement Terms and Conditions.

In signing this *Agreement*, the Grantee agrees to comply with all the requirements and conditions contained herein.

The provisions of the Notice of Funding Availability (NOFA) are hereby incorporated into this *Agreement*.

The Grantee's rights under this *Agreement* may not be assigned without the prior written approval of HUD.

The Grantee shall complete and submit a revised management and work plan, deliverables outcomes and budget within 60 calendar days after the effective date of the grant. These revisions shall update the general/basic plan submitted with the proposal and include any changes to the proposed work plan, budget, performance measures and deliverables, negotiated between HUD and the grantee. These revisions should be developed according to the instructions provided by the HUD Government Technical Representative identified on the form HUD-1044. Should you not address these specific issues, your grant may be terminated on the basis of failure to conclude negotiations or to provide HUD with requested information, in accordance with the General Section of the NOFA for which you applied.

2. Purpose

The purpose of this *Agreement* is as stated in the "Purpose of the Program" section of the NOFA.

In a state of emergency, HUD reserves the right to designate a GTR for COOP purposes.

Advance payments by Treasury check or electronic funds transfer are hereby authorized under this grant. A Grantee that is subject to existing State program accreditation requirements may request an advance payment in writing, if applicable. HUD may provide to the Grantee a one-time cash advance that shall not exceed 10 percent of the grant amount, and shall be limited to the minimum amount needed for the actual, immediate cash requirements of the Grantee in carrying out the start up activities of this agreement and as agreed to by the Grant Officer. Neither these HUD funds nor non-HUD funds may be used for conducting interventions, remediation, rehabilitation, renovation or other activities that would physically alter any structure or property in any way. Refer to 24 CFR 58.34(a) for a list of exempt activities.

4. Amendments

This grant may be modified at any time by written amendment. Amendments, which reflect the rights and obligations of either party, shall be executed by both HUD (the Grant Officer) and the Grantee. Administrative amendments, such as changes in appropriation data, may be issued unilaterally by the Grant Officer.

5. Amount of Cost Share (Estimated Cost And Payment – Leveraging) (See Block 14 of form HUD-1044)

The estimated cost for the performance of this grant is the “**Total Instrument Amount**”.

The Grantee shall be reimbursed by HUD for costs incurred in the performance of this grant. HUD shall not be obligated to reimburse the Grantee in excess of the “**Total HUD Amount**”. HUD reserves the right to withhold five-percent (5%) of the Federal grant amount pending the receipt and approval of a final progress report. See clause entitled “Final Report” for

more information. The proposed contribution to supplement HUD funds is the “Recipient Amount.” The Grantee agrees to bear without reimbursement by HUD the “**Recipient Amount**” of the total costs. The Grantee is not obligated to contribute more than the “**Recipient Amount**”. However, the Grantee shall be solely responsible for any costs in excess of the estimated cost of the “**Total Instrument Amount**”.

The Grantee must satisfy all leveraging requirements in the NOFA. If the Grantee's actual leveraging contribution is less than “**Recipient Amount**” under Block 14 of the HUD 1044, the Government reserves the right to negotiate new line items and/or amounts to satisfy the Grantee's leveraged funds requirement, or to reduce the Government's share proportionally. The Grantee shall notify the Government at any time it believes it will not meet its leveraged funds requirement by the completion of the grant. If the Grantee exceeds the leveraged amount, there will be no impact on the Federal share. HUD reserves the right to withhold payments if leveraged funds are not spent.

Any funds requested by the Grantee shall be requested in accordance with the clause entitled, “Estimated Cost and Payment - Line Of Credit Control System (LOCCS).”

HUD reserves the right to withhold payment if leveraged resources are not spent.

6. Budget

The Grantee shall incur costs in conformance with the original or negotiated budget, presented with the proposal for this grant. The Grantee shall not commingle any funds computed under this grant with any other existing or future operating accounts held by the Grantee.

If the Grantee has been contacted to submit documents to support the application that were not received prior to the execution of this grant, the Grantee will not be allowed to draw down funds in excess of 10% of the federal amount, until such time that the requirements have been met. HUD reserves the right to terminate an award if the required documents are not provided within 1 month from the date the written request was made.

Standard Form 425, Federal Financial Report (24 CFR Part 84.52 and/or 85.52), detailing leveraged funds or in-kind contributions shall be submitted on a bi-annual basis. As part of the closeout process a final narrative and a final Standard Form 425 detailing the progress made in achieving the purpose of the grant and adequate documentation of the total federal funds expended in support of the activities to achieve this purpose are due to the GTR 90 days after the end of the period of performance (See clause entitled “Closeout”).

The Federal Financial Report (Standard Form 425) shall be submitted on a bi-annual basis and is due 30 days after the reporting period.

7. Central Contractor Registration (CCR)

Recipients and their first-tier sub-recipients must maintain current registrations in the Central Contractor Registration (www.ccr.gov) at all times during which they have active federal awards.

8. Certifications and Assurances

The certifications and assurances submitted in the Grantee's application are hereby incorporated into this agreement. They include:

- a. Standard Form 424 or HUD 424, Application for Federal Assistance
- b. Certification and Disclosure Form Regarding Lobbying (SF-LLL)

- d. Certification Regarding Parties Excluded From Procurements
- e. Certification Prohibiting Excessive Force Against Non-Violent Civil Rights Demonstrators
- f. Certification/Disclosure Regarding federal Debt
- g. Certification Regarding a Drug-Free Workplace
- h. Codes of Conduct and Conflict of Interest

A grantee must notify the GTR of any changes in the status or information on the above items.

9. Changes

In accordance with 24 CFR 85.30 or 84.25, as applicable, Grantees or sub-grantees must obtain the prior approval of the awarding agency whenever any programmatic changes are anticipated, including but not limited to the following:

- a) Any revision of the scope or objectives of the project (regardless of whether there is an associated budget revision requiring prior approval).
- b) Budget revisions that are 10% or more of the total HUD amount among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions, or activities which exceed or are expected to exceed 10% of the current total approved budget, whenever the awarding agency's share exceeds \$100,000.
- c) Changes in key persons in cases where specified in an application or a grant award. In research projects, a change in the project director or principal investigator shall always require approval unless waived by the awarding agency.
- d) Under non-construction projects, contracting out, subgranting (if authorized by law) or otherwise obtaining the services of a third party to perform activities, which are central to the purposes of the award.

10. Closeout

The Grantee shall provide the Grant Officer with closeout documentation 90 days after to the end of the performance period, consisting of the following five elements:

- Narrative Final Report summarizing activities conducted under the award, including significant outcomes resulting from the activities and problems encountered during the performance period;
- Federal Financial Report (SF-425) of the total Federal Funds expended;
- Completed Inventions, Patents, and Copyright Statement; and
- Completed Closeout Certification.

HUD will notify the Grantee in writing when the grant is closed. The Grantee has three areas of continuing responsibility after closeout of the grant:

- Records and materials must be kept in a safe place and be accessible to auditors and other government officials for three years after the grantee and all subgrantees/subcontractors make final payments and all other pending matters are closed. (If the grant is covered by 24 CFR Part 84, see related record retention requirements in 24 CFR 84.85(c)(2).) This requirement also extends to all subcontracts the Grantee has executed.
- Accountability for property continues as long as the Grantee holds the property, or for the period of time established by the agreement. Disposal of property must be in accordance with the rules established in the Property Management Standards referred to in the award. Program income, including royalties, must be used to support eligible activities.
- Notification to the Grant Officer if, at any time during the three-year period after project completion, the Grantee organization is discontinued or changes location. The Grant Officer should be notified immediately of the new address or the address of the party retaining all records.

11. Collection Of Data

Collection of data from ten or more respondents and sponsored by HUD shall be subject to the Paperwork Reduction Act (44 U.S.C. 3501— 3520). If a survey instrument for a collection of data sponsored by HUD is proposed, it will be subject to review and approval by the Office of Management and Budget (OMB). Such review and approval must be obtained prior to the use of the survey instrument. Also, a time element is involved here, which may considerably lengthen the time required for completion of the project proposed. Careful consideration should be given to any proposal, which requires the use of a survey or other information collection sponsored by HUD. The collection of data is deemed to be sponsored by HUD only under the following conditions (5 CFR 1320.3):

- a) The Grantee is conducting the collection of information at the specific request of HUD; or

- b) The terms and conditions of the grant require specific approval by HUD of the collection of information or collection procedures. Note that if the Grantee decides on its own to collect information and it does not need HUD approval to do so, then HUD is not the “sponsor” of the information collection.

12. Compliance with the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109-282) (Transparency Act)

Applicants receiving an award from HUD should be aware of the requirements of the Transparency Act. The Transparency Act requires the establishment of a central website that makes information available to the public regarding entities receiving federal financial assistance, by not later than January 1, 2008. In fulfillment of the requirements of the Act, OMB launched <http://www.USAspending.gov> in December 2007. The website makes information available to the public on the direct awards made by the federal government. The Transparency Act also requires, beginning not later than January 2009, that data on subawards be made available on the same website.

In anticipation of the implementation of this requirement, HUD is placing awardees of its FY2010 competitive funding on notice of these requirements and that, once implemented, grantees will be required to report their subaward data to HUD or a central federal database. The only exceptions to this requirement under the Transparency Act are:

- 1) Federal transactions below \$25,000;
- 2) Credit card transactions prior to October 1, 2008;

- 4) Awards to individuals. Guidance for receiving an exception under item (3) above has not been finalized by OMB.

HUD is responsible for placing award information for direct grantees on the government website. The reporting of subaward data is the responsibility of the grantee. Grantees should be aware that the law requires the information provided on the federal website to include the following elements related to all subaward transactions, except as noted above:

- 1) The name of the entity receiving the award;
- 2) The amount of the award;
- 3) Information on the award, including the transaction type, funding agency, the North American Industry Classification System (NAICS) code or Catalog of Federal Domestic Assistance (CFDA) number (where applicable), program source, and an award title descriptive of the purpose of each funding action;
- 4) The location of the entity receiving the award and primary location of performance under the award, including the city, state, congressional district, and country;

13. Conduct of Work

During the effective period of this grant, the GTR and/or the GTM identified in Block 9 of the HUD-1044 shall be responsible for monitoring the technical effort of the Grantee, unless the Grantee is notified in writing by the Grant Officer of a replacement.

Only the Grant Officer has the authority to authorize deviations from this grant, including deviations from the Work Plan. In the event the Grantee does deviate without written approval of the Grant Officer, such deviation shall be at the risk of, and any costs related thereto shall be borne by, the Grantee.

14. Confidentiality

The service provider (e.g., the Grantee and any subgrantees, subcontractors or vendors) must maintain confidential files on individual program beneficiaries served. Recipient staff must keep paper files in a locked filing cabinet and protect all electronic files related to individual beneficiaries with a personal password.

The service providers shall maintain primary access to individual beneficiary files. Other project management staff may have access to these files only if they contain a “release of information” consent form signed by the individual beneficiary. A release of information form must clearly indicate which parties may have access to an individual beneficiary’s file. Such parties might include the management staff and HUD staff. Recipient staff must only share individual beneficiary files with those parties listed on the signed form. If an individual beneficiary has not signed the consent form the parties listed may not read that individual beneficiary’s file.

These categories serve as guidelines to recipient staff and management staff. The recipient must determine if the individual beneficiary’s confidential information will significantly affect the safety and security of that individual or the recipient organization itself.

15. Contact Information Updates

The Grantee shall inform the Grant Officer and GTR of any changes in contact information, including the organization’s name, address, telephone, e-mail, and key personnel.

16. Copyrights

HUD reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use for Federal government purposes: (a) the copyright in any work developed under this award, sub-award, or contract awarded under this

grant; and (b) any rights of copyright to which a Grantee or sub-grantee or a contractor purchases ownership with award funds.

17. Default and Disputes

The Grantee is in default if one or more of the following occurs:

1. Any use of award agreement funds for a purpose other than as authorized by this Agreement;
2. Any material noncompliance with Federal, State, or local laws or regulations as determined by HUD;
3. Any other material breach of this award agreement, or
4. Any misrepresentation in the application submissions which, if known to HUD, would have resulted in this award not being provided.
5. Failure to meet any reporting requirement.

If HUD determines preliminarily that the recipient is in default as described in items 1-5, above, HUD will give the recipient notice of this determination and the corrective or remedial action proposed by HUD. The recipient shall have an opportunity to demonstrate, within the time prescribed by HUD (not to exceed 30 days from the date of the notice), and on the basis of facts and data, that it is not in default, or that the proposed corrective or remedial action is inappropriate, before HUD implements the corrective or remedial action.

Where HUD determines that corrective or remedial actions by the recipient have not been undertaken as instructed, or will not be effective to correct the default and to prevent further default, HUD may take the following additional corrective and remedial actions under this award agreement:

1. Reduce the award in the amount affected by the default.
2. Take action against the recipient under 24 CFR Part 24 and Executive Order 12549 with respect to future HUD or Federal grant awards.
3. Demand repayment of all award amounts.
4. Initiate litigation or other legal proceedings designed to require compliance with the statute, regulations, any terms or conditions of this award agreement, or other pertinent authorities.
5. Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee.
6. Withhold further payments.
7. Take any other remedial action legally available.

During performance of the grant, disagreements may arise between the Grantee and the Grant Officer on various issues. If a dispute concerning a question of fact arises, the Grant Officer shall prepare a final decision, taking into account all facts and documentation presented. The decision shall be mailed to the Grantee. The Grantee may appeal the decision in writing within thirty (30) days to the Deputy Secretary of HUD, or his or her designated representative,

the Director, Office of Sustainable Housing and Communities.

Failure to comply with the requirements established in the award and these provisions, including failure to submit reports on time and in accordance with the requirements contained in these provisions, may result in HUD taking action to limit access to program funds. Actions by HUD may include, but are not limited to: requiring that reports and financial statements be submitted to the Grant Officer/GTR for approval before drawing down any funds; removing the Grantee from the eLOCCS; suspending the ability to incur costs or draw funds; and/or suspending or terminating the Grant for non-performance.

HUD may, on reasonable notice to the Grantee, temporarily suspend the award and withhold further payments pending corrective action by the Grantee. The award may be terminated in whole or in part before the end of the performance period for cause when the Grantee has failed to comply with the terms, conditions, standards, or provisions of this award. The award may be terminated for convenience when both parties agree that the continuation of the award would not produce beneficial results.

18. Deliverable Products

During the performance period, the recipient is required to submit to the GTR Official Work Products. These include but are not limited to progress reports; financial reports, closeout documentation; products specified in the Work Plans, such as reports for HUD and the public on activities conducted and results achieved, etc. Failure to submit required documents on time may cause the Grant Officer to take action to suspend or terminate the award.

19. Equipment

When acquiring equipment, the Grantee shall comply with the requirements set forth in 24 CFR 84.34 or 24 CFR 85.32, whichever is applicable, OMB Circular A-87 (2 CFR Part 225), and OMB Circular A-122 (2 CFR Part 230).

20. Estimated Cost and Payment - Line Of Credit Control System (LOCCS/eLOCCS)

The Grantee shall be reimbursed for costs incurred in the performance of work under this grant in an amount not-to-exceed “**Total HUD Amount**” in Block 14 of the HUD 1044. In the event the Grantee incurs cost in excess of this amount, the excess shall be borne entirely by the Grantee.

Incurred costs shall be reimbursed through HUD's Line of Credit Control System (LOCCS) using the eLOCCS web based system. Each day LOCCS generates a payment tape for the Department of the Treasury, which disburses the payments via the Automated Clearinghouse (ACH) Payment System and a Voucher and Schedule of Payments. All payments are certified by HUD and forwarded to Treasury for processing.

Before receiving funds from the eLOCCS, the Grantee must designate a financial institution for HUD to make direct deposit payments through the ACH system. In the event the Grantee, during the performance of this grant, elects to designate a different financial institution for the receipt of any payments, notification of such change and the related information must be received by the Grant Officer 30 days prior to the date such change is to become effective.

To have access to LOCCS and the eLOCCS, the Grantee shall obtain a Security ID and Password from HUD's LOCCS Security Officer, using the form HUD-27054, LOCCS Voice Response /eLOCCS Access Authorization Form.

The Grantee shall submit the original vouchers for work performed to the GTR identified in Block 9 of the form HUD-1044. The voucher shall be supported by a detailed breakdown of the cost(s) claimed (Grantees are to use the Part 3 Financial Reporting Attachment included in Policy Guidance 2001-03). In order to assure proper payment, it is important that the voucher is in accordance with the payment amount requested through the eLOCCS. Payment requires the Grantee to go to eLOCCS and provide the Security ID number and requested information. Detailed instructions for using the LOCCS/eLOCCS were provided in HUD's Transmittal Letter for your award.

Funds advanced to the Grantee shall be maintained in an interest bearing account. Any interest earned by the Grantee as a result of the advanced funds shall be promptly returned to HUD.

All check remittances should be sent to the new Miscellaneous Lockbox as follows:

Bank of America
DHUD P.O. Box 277303
Atlanta, GA 30384-7303

If the Grantee is a State, local government or Indian Tribe, the Grantee may retain up to \$100.00 of interest earned per Grantee's fiscal year for administrative expenses (24 CFR 85.21).

If the Grantee is a University, non-profit or for profit organization, the Grantee may retain up to \$250.00 of interest earned per Grantee's fiscal year for administrative expenses (24 CFR 84.22).

State universities and hospitals shall comply with the Cash Management Improvement Act (CMIA), as it pertains to interest.

Other funds due to HUD after the end date of the grant or close-out, as a result of internal audit or other reasons, will be returned to the GTR identified in Block 9 of the form HUD-1044 of this grant.

Should the Grantee demonstrate an unwillingness or inability to establish procedures that will minimize the time elapsing between advances and disbursements, or fail to provide any

required progress report in a timely manner, the authorization for advance payments may be revoked. The Grantee may then be required to finance the project with its own working capital and payment to the Grantee may be made by Treasury check to reimburse it for actual cash disbursements that are approved by the GTR.

21. Environmental Review

This Environmental Review section applies to grantees that will conduct site control or land acquisition (Category 2- Detailed Execution Plans and Programs), as described in the NOFA.

Activities that involve site control or acquisition are subject to HUD environmental review under 24 CFR Part 50. For projects involving these activities, HUD's notification of award constituted only a preliminary approval by HUD subject to the completion of an environmental review of the proposed site(s). Selection for participation and the execution of this Agreement do not constitute approval of the proposed site(s). Each proposal involving site control or acquisition is subject to a HUD environmental review, and the Grantee's proposal may be modified or the proposed sites rejected as a result of that review.

The Grantee shall not acquire, rehabilitate, demolish, convert, lease, repair, or construct property, nor commit or expend HUD or local funds for these program activities with respect to any eligible property, until HUD approval of the property is received. An option agreement on a proposed site or property is allowable prior to the completion of the environmental review if the option agreement is subject to a determination by HUD on the desirability of the property for the project as a result of the completion of the HUD environmental review and the cost of the option is a nominal portion of the purchase price.

The Grantee shall assist HUD in complying with 24 CFR Part 50; shall supply HUD with all available, relevant information necessary for HUD to perform an environmental review for each property, as requested by HUD; and, shall carry out mitigating measures required by HUD or select alternate eligible property if required by HUD..

Subject: New Hampshire Regional Planning Commissions' *A Granite State Future*
Committee Membership Request

Dear Mr. Hoyt:

The Central New Hampshire Regional Planning Commission (CNHRPC) is pleased to share the U.S. Department of Housing and Urban Development (HUD) recently awarded a Sustainable Communities Regional Planning Grant to the Nashua Regional Planning Commission on behalf of the State's nine regional planning commissions (RPCs) in support of a comprehensive statewide regional planning program. *A Granite State Future* is an innovative planning initiative to develop comprehensive regional plans for each of the nine RPCs and one statewide policy document that will help shape New Hampshire's future development.

A Granite State Future will coordinate long-range planning efforts for transportation, land use, economic development, housing, environment, energy, cultural and historic resources, public health, and environmental planning into a novel but shared framework. Each RPC will engage local communities and regional partners to work together to develop their comprehensive regional plan and identify specific implementation actions. The project will culminate into an overall vision and strategy for the State.

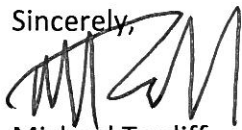

The initiative will take into consideration the six "livability principles" developed by the Partnership for Sustainable Communities, comprised of HUD, the U.S. Department of Transportation (USDOT), and the U.S. Environmental Protection Agency (EPA). These principles are: 1) Provide more transportation choices; 2) Promote equitable, affordable housing; 3) Enhance economic competitiveness; 4) Support existing communities; 5) Coordinate policies and leverage investment; and 6) Value communities and neighborhoods.

This spring, a statewide commencement event for the nearly 100 program partners will set the stage for *A Granite State Future*. The CNHRPC region's public participation and plan development process will soon follow. **To support this effort, we are seeking local and regional partners to participate on our:**

- Regional Advisory Committee: Regional partners and volunteers will facilitate the local and regional outreach processes, review local information, track progress, and prioritize implementation actions; and
- Regional Equity Team: Representatives of underserved and marginalized populations will ensure their voices are reflected in the regional plan.

We would appreciate your participation in the Regional Advisory Committee and/or Regional Equity Team. I will follow up by telephone later this week, but should you have any questions in the meantime, please contact me or Stephanie Alexander at 226-6020. Thank you for your consideration.

Sincerely,

Michael Tardiff

It will also engage local communities by helping them work together to develop a comprehensive plan for their region, culminating in an overall vision for New Hampshire's future.

Additionally, the regional planning program will take into consideration the six "livability principles," developed by the Partnership for Sustainable Communities, brought together by the U.S. Department of Housing and Urban Development (HUD), the U.S. Department of Transportation (DOT), and the U.S. Environmental Protection Agency (EPA). These principles include: 1) Provide more transportation choices; 2) Promote equitable, affordable housing; 3) Enhance economic competitiveness; 4) Support existing communities; 5) Coordinate and leverage federal policies and investment, and; 6) Value communities and neighborhoods.

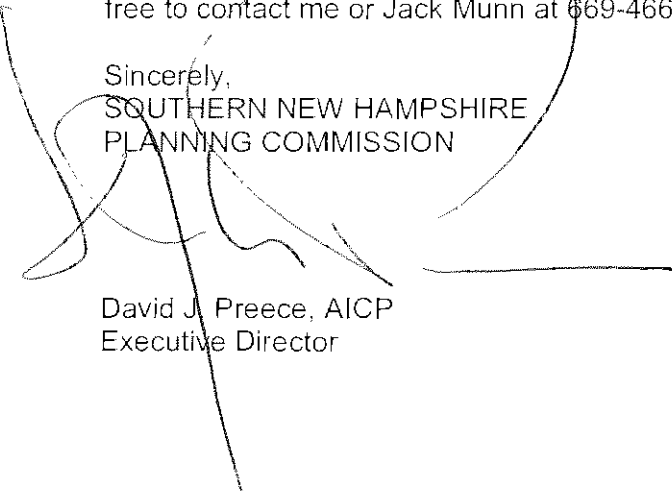

The regional planning process will commence this spring, beginning with a statewide kickoff event for the nearly 100 program partners and setting the stage for a coordinated planning process. Additionally, each of the RPCs is looking for local and regional partners to participate on their:

- *Regional Advisory Committee:* Regional partners and volunteers will facilitate the local and regional outreach processes, review local information, prioritize implementation, and track progress.
- *Regional Equity Team:* Composed of representatives of underserved and marginalized populations in their region, the equity team will ensure that the voices of these populations are reflected in the regional plan.

Dear Linda:

You may be aware that the State of New Hampshire will benefit from a Sustainable Communities Regional Planning Grant awarded by the U.S. Department of Housing and Urban Development (HUD). The Southwest Region Planning Commission is among the State's nine regional planning commissions (RPCs) that will be playing a leadership role in this program. To be known as *A Granite State Future*, the program represents an innovative statewide planning initiative to develop comprehensive regional plans for each of NH's nine regions and to develop a statewide policy document to help shape New Hampshire's future.

A Granite State Future envisions coordinating previous long range planning efforts for transportation, land use, economic development, housing, energy, cultural and historic resources, public health, and environmental planning into a common framework. Through this process, we hope to engage local communities and other stakeholders to work together in developing a comprehensive plan for our Region. Additionally, the program will consider the six "livability principles," developed by the Partnership for Sustainable Communities, brought together by the U.S. Department of Housing and Urban Development, the U.S. Department of Transportation, and the U.S. Environmental Protection Agency. These principles include: 1) Provide more transportation choices; 2) Promote equitable, affordable housing; 3) Enhance economic competitiveness; 4) Support existing communities; 5) Coordinate and leverage federal policies and investment; and, 6) Value communities and neighborhoods.

The regional planning process will be getting underway soon, beginning with a statewide kickoff event for the nearly 100 program partners and setting the stage for a coordinated planning process. Additionally, each of the RPCs is looking for local and regional participation for the following:

- *Regional Advisory Committee*: Regional partners and volunteers to assist in facilitating the local and regional outreach processes, review local information, prioritize implementation, and track progress.
- *Regional Equity Team*: Comprised of representatives of underserved populations that will ensure the voices of these populations are reflected through this process.

We look forward to advancing this regional planning program and we hope that the Keene Housing Authority will be a participant. Please feel free to contact me or Tara Germond of Planning Commission staff to discuss further. Otherwise, stay tuned for additional information.
